

## Project Initialization and Planning Phase

Date	25 June 2025
Project Name	Power BI Inflation Analysis: Journeying Through Global Economic Terrain
Maximum Marks	3 Marks

I am	I'm trying to	But	Because	Which makes me feel
I am	I'm trying to	But	Because	Which makes me feel
 <p>Data Analyst</p>	 <p>I am trying to analyze global inflation using Power BI to help businesses make better decisions.</p>	 <p>but inconsistent data and complex economic links make it challenging.</p>	 <p>every country reports inflation differently and historical data is often incomplete.</p>	 <p>which makes me feel challenged but also motivated to find smart solutions and improve my data analysis skills.</p>

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
Power BI Inflation Analysis: Journeying Through Global Economic Terrain.	I am working as a data analyst.	Responsible for visualizing and analysing global inflation trends using PowerBI	I face challenges due to inconsistent and incomplete inflation data across countries	Because the data varies across countries, lacks consistency, and is sometimes incomplete.	I need to solve this problem so that businesses can rely on consistent and complete data for making informed economic decisions.
